Temperature Record Sheet

(This is a monthly record and can be attached to the student handbook)

1. Parents/Guardians should take their children's temperature before sending them to school. **Children should not go to school if they have fever**. (Different reference values for normal body temperature may be adopted for different measuring methods and instruments. Always refer to inserts and instructions that come with the thermometer.) They should consult a doctor promptly, apply to school for sick leave and take rest at home.
2. Parents/Guardians should record their children's temperature, sign on the record sheet and ask their children to return it to their class teacher for checking every day.
3. Parents/Guardians should also complete this record sheet on holiday.
